Creation

of our heavenly Kingdom on earth

When wise ancestral folks refer as a synonym to the "*kingdom of heaven*", that has been mentioned many times, they describe by no means the cloudy structure above our heads, but rather the thought-provoking impulse in our imagination of a pre-installed creator, beautiful and graceful, with a discreet full beard, coming along in a white robe coming and carrying a vulnerable lamb. The highest one, called "*Jesus Christ*", dwells in all of us equally, if we offer *Him* a place of well-being within us, but even this statement is deficient and lacking in truth, the limping categorization of a "*Son of God*" walking *in persona* on earth, only has been channeled as a *metaphoric image* for better comprehension of all believers.

The "*Holy MIND*" executes its ALL-Power "*in heaven*" **of our own** creator-instrument, uniting all our thoughts, feelings, actions and beliefs into one, in order to turn them into indefinable perfection, making us live through all coming experiences of our existence in the projection realm of Irtha (three-dimensionality of this earth).

Matter, from the point of view of the research, that has been dealing with this "*riddle*" since the beginning, is a slowed down creation of the mind, that is: our films, that once played in front of our inner screen, fired up with emotions of joy or even fear, but now physically perceptible, tangible.

In addition to the elementary research of creation, this one essential component is added, and I mentioned it for the first time in one of my daily messages of the year 2004, the own merit, which is somewhat a yardstick for the respective creation, since only justice can prevail in the creation of the wise COSMOS (ALL-SPIRIT). The one, who expects great things, but from his values only represents a huge slurry tank full of shit, may be in front of himself and all others participants in creation a fabulously deceptive performer, but the higher level of creation will (and can) only provide the fraudster with the level of correspondence, to which he is entitled.

The lamb, in the figurative representation near his heart, characterizes the gentleness, in which the pure and conscious person meets life - **always protecting it** - ALL life! Carnivore, dear readers ... the chaff separates from the wheat, as already known, since it is satanism - and also, above all, the inconspicuous one, who exploits the most helpless creatures of this plane - a form of the daily millions repeated mass murder! A peace treaty in the divine sense is also dressed in the robe of ALL-peace with everything and everyone! To demand a peace treaty, but to indulge in suffering, in whatever form, is the own consent to brute force in an almost impossible to put into words mockery of the divinity of ALL life.

"How can I contribute to the resurrection of the Holy Reich on German soil?", a question, that was addressed to us yesterday - due to the spoken publication of "REINHEITSGEBOT 23" by our wonderful brother BenniLife and the help of all channels, portals, websites and chats - the same question came up several times. The answer lies in YOU, dear reader and inquirer, in YOURSELF alone.

The "Kingdom of all Heavens", the possibility to create ANYTHING and EVERYTHING by means of simple application are firmly rooted in the toolbox of your being as elementary creation. **Only**

you alone are the ALL-POWER to accomplish the greatest things for our "*Heavenly Kingdom on Earth*", if you let my words written above sink into your solar plexus with your tool of intellect. And "*if two or more on my behalf...*"

Here, in your web of the magic sun, is the seat of your will and your feeling. Both your powerful, invincible will and your emphatically controlled feeling, transform your desire, first conceived by the intellect into MINDPOWER through your pituitary gland.

If you are firmly convinced of your wish, do not allow yourself to be affected by negative influences stimulating doubt at any given moment, standing like a gigantic rock against the monstrosities of disapproval and failing (german for failing: scheitern --> Scheitan = Satan!), then all space is left to your creation, you will walk confident of victory from the ring of your daily weaving and striving.

To revive an empire, that was already ended by Zion over 100 years ago, this during the time of highly spiritual consciousness, does not correspond in any case to our intention. The empire experienced its heyday at that time of the last century of the Iron Age. It meant the first germination of a peaceful path of international friendship and prosperity for some creatures of this earth. Our goal is peace with ALL living beings, the purest quality of time of these days of bliss. It would be presumptuous to claim that a 1963 Trabant is in comfort and driving performance comparable to an E63 AMG.

Admittedly, the vehicle example could only have been thought of by one man, but it shows even to readers, who are not enthusiastic about vehicles, that we are much more advanced in today's state of being, than only to fulfill the purpose of a press-board from Central German production. Today's vehicles are so-called *all-rounders*. They no longer transport people only halfway safe from A to B, but are the highest version of luxurious travel, this is accompanied by the highest standard of sound experiences, ice-cold instant drinks, fat asses dripping with sweat from the heat of seat toasters and even massaged wrinkled genitals of the travel guest during the overflight with 330 km/h across the slick race track from Munich to Hamburg. After all you finally want to break the 200 minute record on this route. Progress in a different way.

However, with the state of our consciousness today, and the cosmic vibration available to us for liberation, our creation can and must, from this moment on, only be directed to the holy the future. For far too long have we been floating helplessly in an invisible prison made of satan's soup, which will deprive us of our life energy for as long as WE allow it.

Just by the way: You do not have to die! Many times I reported about people, who have been living much longer than 300 years on this earth. Why? Because they didn't feel like leaving Irtha yet. If they are conscious creators of their lives, they alone determine, when they voluntarily, without suffering and pain, move into one of the next dimensional realms, with their body built up to the highest refinement! And now you, you and of course you, have seen one of your family or close relatives die. Yeah, sure, ordinary people die from their merits, their missteps within this realm of assessment, whereas, according to their merit, the SUPERHUMAN make their way to higher footprints.

Before our holy BRANDENBURG-PRUSSIA is created here in a physically touchable garment, it must first be conceived by us, formed in the mind and finally, be fueled through certainty of the imminent appearance of our spiritual creation.

You are an elementary part of this magic, be aware of this! Make yourself the most beautiful feelings - sex is a good source of emotional impulses - and think of only the best thing, that knows to bring eternal joy to ALL of Irtha's living beings and hold on to it. And should the sky fall, the family leave you, should you fall off a high-rise, get in a car accident or... or... or, you're going to keep hold of this one creation, namely the best possible for all life on Irtha. You will send all

doubts, any doubters and other imperfect know-nothings to their hell and always demonstrate your certainty of what you have accomplished.

After the creation is complete, release this "*work of art*" from your thought and feeling forge of your BEING, never again think of this creation. A completed order will be delivered to the universe, it must not be processed again and again, otherwise the delivery is delayed or possibly canceled completely.

Be certain, your order will be delivered to you!

In Liebe und Verbundenheit.
